Report of Webinar on the Stock Market

FIC Convener – Dr. J.K.Singh

Webinar Coordinator(s) : Ms. Pritika Dua and Ms. Priya Chaudhary

Sometimes it's good to go back to basics and re-evaluate your investing strategies. With this in mind, the Finance and Investment cell of **Aryabhata College** collaborated with **Traders for Tomorrow** and took an initiative to provide financial literacy across India through a webinar on 'How Stock Markets Actually Work'. The webinar provided a great learning opportunity for beginners and stock market whizzes alike to provide a better insight into the inner workings of stock markets and an in-depth understanding of how, when and where to invest money.

The webinar was held on Saturday, 9th November at 8:00 pm, the conveyor of the webinar being Mr. Vishwa Kalra, Chief Financial Technician of the Financial Doctor. Being a webinar, it was accessible to everyone, anywhere. People sitting in the comfort of their homes were able to gain knowledge conveniently.

The webinar started off Mr. Kalra briefing us about the types of investors in the market, namely big players and small players. The big players like mutual funds, banks, foreign and domestic institutional investors constitute about 5% of the total investors in the market but own more than 90% of the wealth whereas the small players own less 10% of it. The conveyor explained curiously interesting terms like last

traded price, impact cost, bullish and bearish phases, market manipulation, and euphoria using illustrative and concise examples.

The webinar was a very interactive with viewers participating in the discussion through the live chat. The webinar concluded with Mr. Kalra suggesting a few informative books by some of the most successful traders through which beginners can set in motion their journey of investing in a stock market including Market Wizards by Jack D. Schwager and Reminiscences of a Stock Operator by Edwin Lefèvre. He also talked about more knowledgeable initiatives by Trader for Tomorrow whose applications are open exclusively for the participants of the webinar. The webinar is still up on YouTube for those aiming to enhance their awareness on the same.

The successful execution of the Webinar was possible through the continuous support of our Principal-Dr. Manoj Sinha, Convenor,FIC-Dr. JK Singh and faculty coordinators-Ms. Pritika Dua and Ms. Priya Chaudhary.
