The **Entrepreneurship Cell, Aryabhata College** initiated a new Youtube series titled “**Business Unfiltered**” on 19th June, 2021. The fourth episode was marked by the presence of Professor Manoj Sinha, Principal, Aryabhata College and the speaker for the day, **Mr. Aman Sanduja** on **10th July 2021**. Mr Sanduja is an entrepreneur and a technology leader. He is currently teaching blockchain and crypto on Upgrad in collaboration with IMT and is also the **co-founder of Moving**.

The session commenced with Mr. Sanduja explaining a blockchain and its different types. He also explained how Blockchain differs from traditional databases and the advantages of using the former over the latter. Being a blockchain trainer himself, he shed some light on the demerits and merits of the same. He shared that the usage of each type of Blockchain depends on the situation and the current condition of an entity. Moving on, he explained his views on decentralized finance - what it is, how it works and why it is vital? He added that cryptocurrency would not be able to replace traditional currencies due to the political and social conundrums it would cause. He also gave real world examples of decentralized finance and blockchain. Mr. Sanduja also elaborated on how budding entrepreneurs can make use of cryptocurrency.

In addition to this he shared his views on Bitcoin, Dogecoin and his opinion on investing in these types of digital currency. Furthermore, he shared his thoughts and his inspiration to start his own company and his concluding remarks for the session included advice to budding entrepreneurs about trading and investing.

His wonderful insights made a deep impact on the team and our viewers. The interview ended with the completion of the ‘scenarios’ round. The webinar was well received by the audience on Youtube and is available to everyone through the link provided in the beginning. The video has already amassed **150+ views**.
