The Finance and Investment Cell of Aryabhata College was established with the goal of promoting financial awareness among students by offering a common forum for them to exchange, discuss, debate and deliberate their ideas. With the recent coronavirus outbreak, now more than ever, we understand the significance of financial knowledge in one's life, because we witnessed that those who have a knack for finance were able to stay afloat and even prosper during these unprecedented times. They took risks and were able to adapt to this new normal comfortably. Cognizant of the fact that the destination of financial security can only be reached through the path of financial literacy. With this vision in mind and an aim to restore the spirit of optimism and faith during these trying times, we launched the inaugural edition of the Annual Magazine of the Finance and Investment Cell, Aryabhata College—Absolute Advantage on 7th August 2021.

The Chief Guest for the day was Mr Anmol Sharma. Co-Founder of Finlight.in, he is also a very famous influencer with more than 2.5 lakh followers on his Instagram page- 'financial_literate'.

The mega-launch event, hosted by Parth Jaiswal and Piyush Pandey was also live-streamed on YouTube. The proceedings began with words of encouragement from the faculty in charge and our mentors, Dr. JK Singh and Dr. Pritika Dua. Their undying support was vital in making this magazine a huge success. The event was graced by Professor Manoj Sinha, Principal, Aryabhata College, Delhi University who enlightened the audience with his motivating words.

This magazine would not have been possible without the able and skillful leadership of our Editors-in-Chief, **Anisha Kalita** and **Khushi Joshi**. They took over the stage and unveiled the magazine with our Chief Guest, Mr. Anmol Sharma. The editors-in-chief then illuminated our audience about the various components and nuances of the magazine.

The symbol on the magazine cover illustrates a heterogeneous mixture of ideas idolized as the Greek philosopher Aristotle, whose work encompasses diverse fields, and indices that demonstrate a greater emphasis on Finance. The magazine consists of numerous sections, very ably capturing the diverse world of Finance- Radical International, Introspecting India, Philosophia, Economics Unbounded, Business and Finance, Fintech: The Odyssey to Come and The Bigger Picture.

The magazine also featured articles from industry leaders, renowned intellectuals and experts, to provide our readers with an in-depth analysis of varied fields and domains straight from the leading voices in the respective areas. The 'Year In Review' comprehensively summed up the major happenings of the entire year. While it is important to grow and develop, it is equally important to look back and reflect on your work, 'Rewind' consists of a highlight of the milestones that FIC, Aryabhata achieved in this wonderful session. The magazine ended with a yearbook for the session 2020-21, showcasing the amazing team that made this beautiful journey possible.

No idea can be implemented to perfection unless it is guided by good leaders. With this thought in mind, the President of FIC Aryabhata, Mr. Sarthak Malhotra remarked upon his vision of taking this society to the next level and how he was able to achieve it through the cumulative efforts of the team.

The magazine is a celebration of the vast and ever-changing world. We made the important topics more interesting to read through our issue and provided an absolute advantage in the quest to become a well-rounded individual. We truly believe that literature is a vital instrument for enlightening, inspiring, and impacting people. The ceremony ended with the hope that our readers will have as informative and joyous a journey as we had while preparing the magazine!
