2. Workshops/ Seminars under the aegis of IQAC

Higher Education in United Kingdom

IQAC Committee, Aryabhata College conducted a Webinar on “Higher Education in United Kingdom” on July 24th, 2020 in collaboration with SI-UK India. The resource person for the session was Ms. Bhavana Duggal. Participants from across India attended the webinar. The resource person discussed key facts about UK universities and elucidated various issues like education in UK, application process, eligibility criteria for various universities in UK, post study work visa, job prospects.

The image displays four screenshots from a webinar presentation. The top-left screenshot shows a Zoom meeting interface with a presentation slide titled "ARYABHATA COLLEGE" and "SI-UK". The top-right screenshot is a slide titled "SI-UK RUSSELL GROUP" listing 24 leading UK universities. The bottom-left screenshot is a slide titled "Types of Master's degree in UK" listing Taught Courses and Research Based Courses. The bottom-right screenshot is a slide titled "SI-UK Post Graduate Qualifications" listing various qualifications and their durations.

SI-UK RUSSELL GROUP

The Russell Group represents 24 leading UK universities which are committed to maintaining the very best research, an outstanding teaching and learning experience and unrivalled links with business and the public sector

Industrial Trip Report of the Department of Management Studies

हृतं ज्ञानं क्रियाहीनं हतश्चाज्ञानतो नरः ।

हृतं क्रननायकं सैन्यं स्त्रियो नष्टा ह्यभतताकाः ॥

“Knowledge is lost without putting it into practice; a man is lost due to ignorance.”

- Chanakya Neeti (Verse 8, Chapter 8)

With the insight of inculcating the essence on how the Biz-World actually operates, Department of Management Studies (DoMS), Aryabhatta College arranged its Annual Industrial Trip on April 9th, 2019 at Alankit Assignments Limited.

Alankit Assignments Limited is a part of the Alankit Group which commenced its operations in 1991. It offers a bouquet of services including e-Governance, PAN Facilitation, Equity & Commodity Broking, Wealth & Portfolio Management Systems. It has a humongous customer base of 17 million and has portrayed sky-rocketing growth throughout its inception.

A muster of 60 management students intuitively entered Alankit House with a keen spirit to enhance their grey matter. The session was opened by Mrs. Komal Wadhawan, Manager (Training) briefing about the future course of action. The session was divided into four parts with comprehensive discussion of the same. Firstly, the students were provided insights on the working of financial markets in India by representatives of NSDL (National Securities Depository Ltd.). They gave a review on the structure of financial markets in India and the importance of a De-Materialized Account in present day.

The session continued with exploration of Online Trading in the equity market (NSE). The speakers executed a live trade explaining various terminology relating to the online services platform (Bid Price, Bid Quantity, Ask Price, Ask Quantity, LTP, etc.)

The third session by a Tax Expert scanned the recently implemented tax regime, the GST. The expert gave an overview comparing the previous tax system with the prevailing one. The students also gain knowledge on various jargons such as GSTIN and HSN Code.

The last session focused on the working mechanism and importance of NPS (National Pension System). The speaker established the theory on how an employee not under a pension scheme of the employer can enrol in the scheme and derive its benefits.

Throughout the session, students were fully engrossed in the discussion and cleared their dilemmas by putting up various questions to the speakers.

(Left to Right: Ms. Kavita, Mrs. Cherry Arora, Ms. Priya Chaudhary)

The session was concluded by a Vote of Thanks by Ms. Priya Chaudhary, Assistant Professor, DoMS to Alankit Assignments Ltd. for organizing a session encompassing knowledge up to the brim. The session was followed by a lunch.

DoMS will continue to organise such GROUND ZERO trips in future as well in order to imbibe the students with concrete management skills and boost their personal development.

6. Promoting Environmental Consciousness

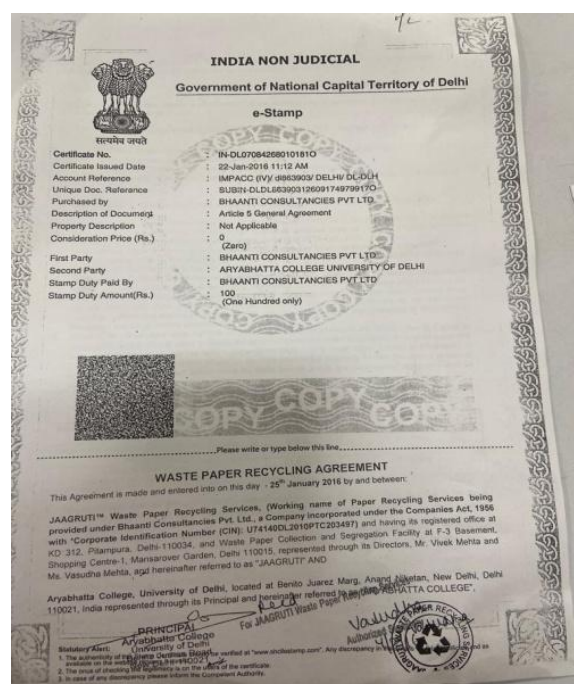

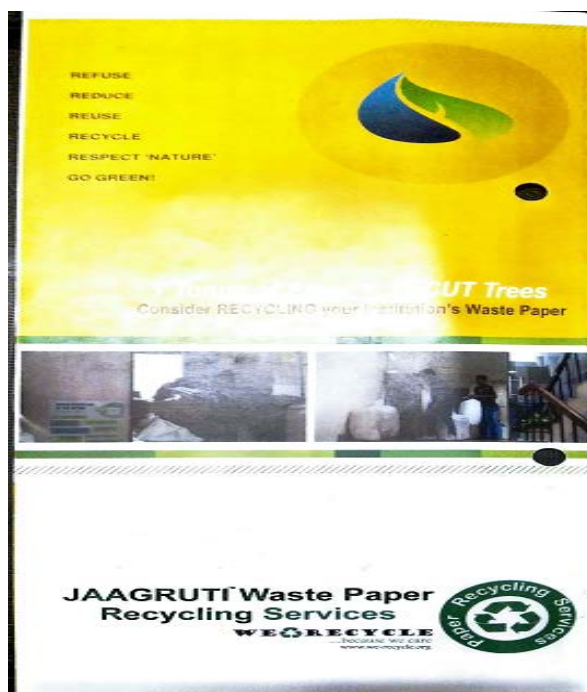

Following measures have been initiated by IQAC for enhancing sensitivity towards environmental sustainability.

Waste Management Practices

Aryabhata College has been proactive in addressing the issue of waste generated at the campus. The following measures have been initiated in this regard:

Solid Waste Management

College has collaborated with JAAGRUTI Waste Paper Recycling Services to recycle waste paper since 2016. Collection of waste paper is ensured periodically and in turn, Jaagruti provides the college reams and notepads made of recycled paper. This has contributed towards reduction in the stationary cost incurred by the college.

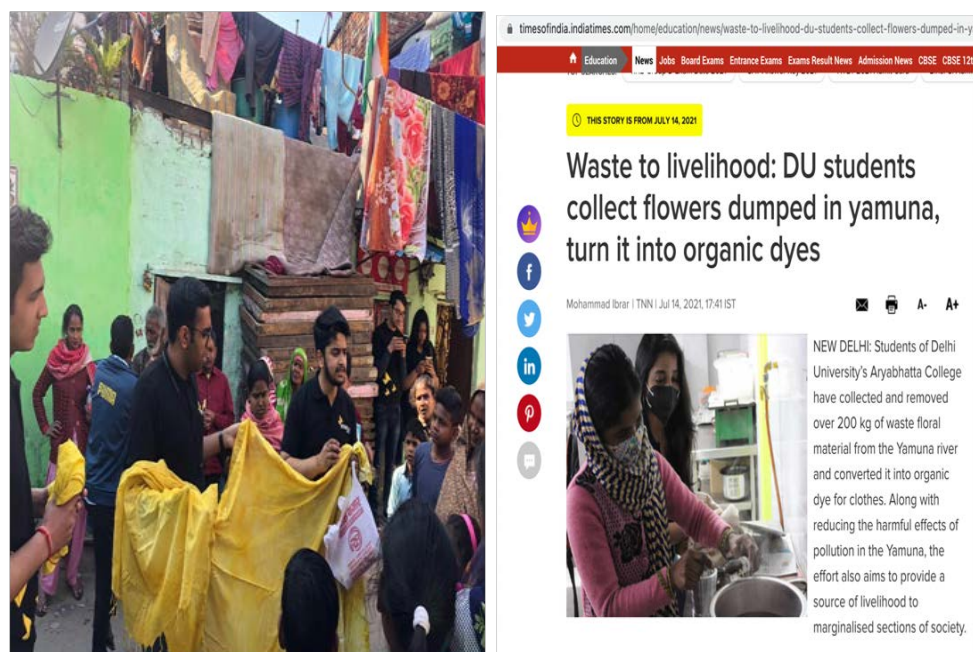

Compost Pit in the college ensures recycling of biodegradable and horticulture waste produced within the premises. The compost piles function as an environment-friendly and cost-effective alternative to expensive chemical fertilizers.

College has a MoU with Chintan NGO to segregate dry waste and wet waste, besides ensuring collection of hazardous waste. Training of gardeners in composting and awareness generation amongst teaching and non-teaching staff is done regularly.

Project Palaash by Enactus Aryabhata ensures effective and steady waste management as the bio-waste generated from the dyeing process is used to create compost which is re-utilized for growing flowers, ensuring sustainability.

Project Ibtida by Enactus Aryabhata is a one-stop solution that simultaneously tackles the problem of stubble burning, carbon emissions from the construction industries, mass generation of plastic products, and agricultural waste.

College has incrementally moved towards e-administration in all domains leading to a decrease in paper consumption.

Liquid Waste Management

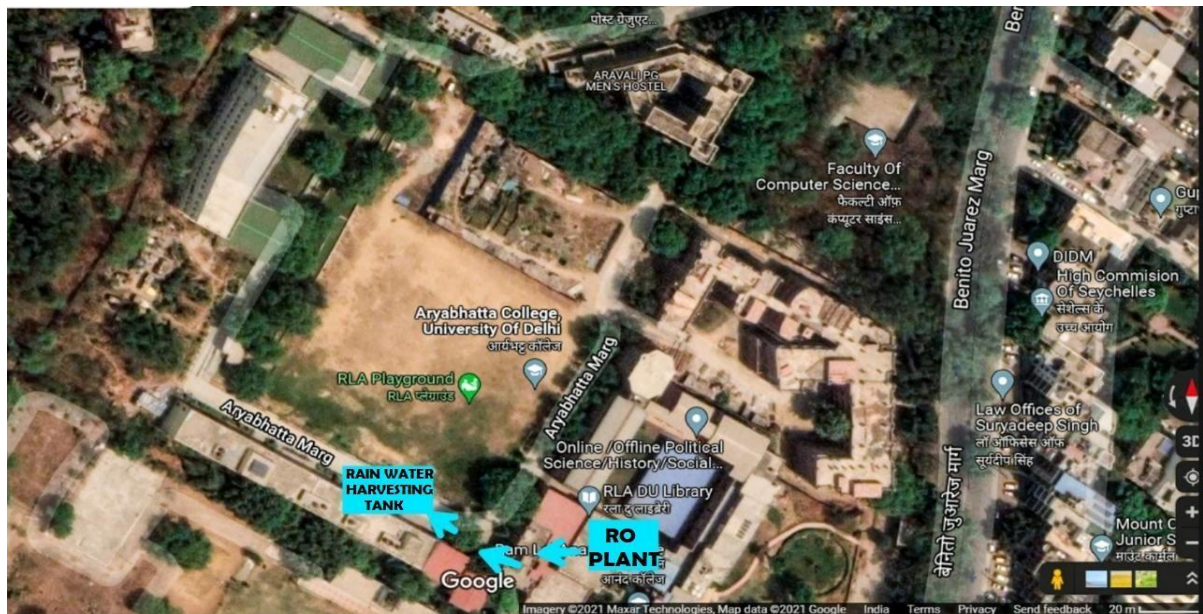

Drinking water requirement in the college is met by two large Reverse Osmosis (RO) purifiers.

A herbal garden is being maintained at the college campus by using the wastewater generated by the RO system.

Aryabhata College has one of the largest rainwaters harvesting tanks in Delhi University. The pit size of the rain water harvesting unit is 20.5x4x4 meters. Its capacity is about 3.28 lakh litres. The storm drain at the top of the terrace is directly connected to the rain water harvesting unit. The unit covers the catchment area behind Kusumpur block, Taregna block and other open areas in the college.

Regular checks for possible leakages are conducted from time to time.

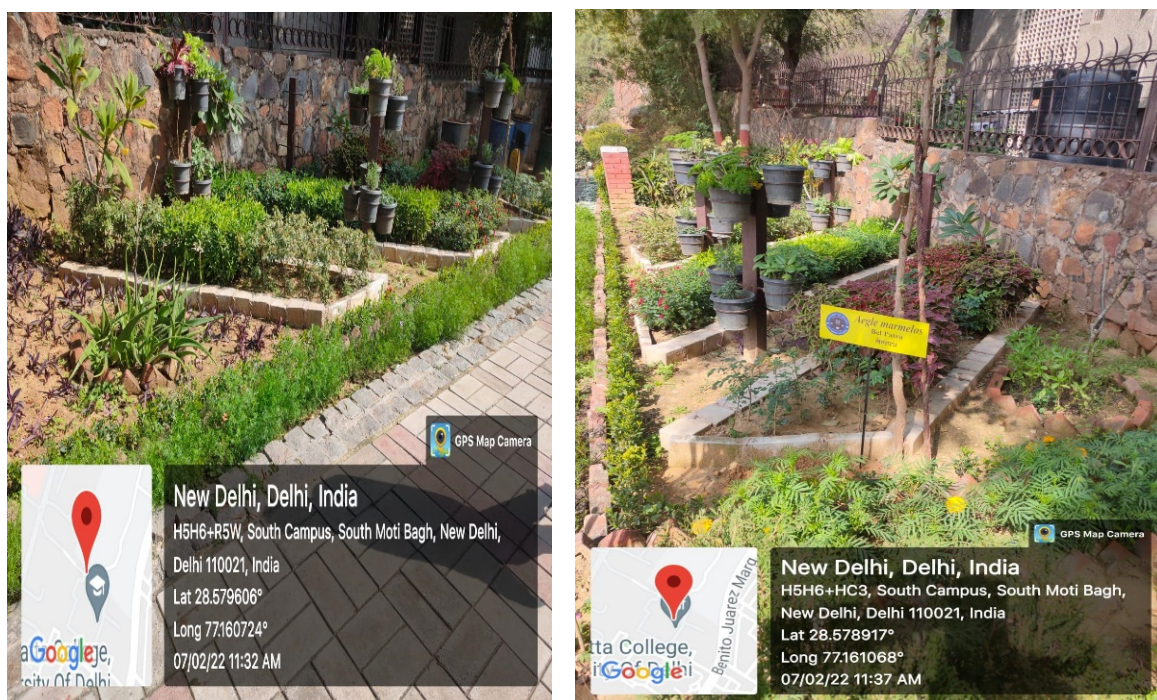

Recycling of waste water from RO

Rainwater Harvesting

Garden maintained using waste water

E-Waste Management

College has an MOU with RBH E-Waste Recycle Hub Pvt Ltd for collection of condemned and old IT Scrap and e-waste. The Computer Science department has initiated an awareness drive on environmental hazards of e-waste in collaboration with Karo Sambhav, one of India's leading Producer Responsibility Organisation (PRO) under the Ministry of Electronics and Information Technology's (MeitY).

E-waste collection drives are conducted by the college periodically.

Our college has a designated E-Waste Management Committee which maintains an inventory of e-waste generated at the college premises.

Sewage Waste Management

A septic tank in the college premises helps in collection of waste. The size of the tank is 12 x 4 x 4.5 metre.

An MOU with Global Enviro Solutions for setting up a Sewage Treatment Plant jointly with Ram Lal Anand College is underway.

Septic Tank

Green campus initiatives

College has always shown an inclination towards preservation of nature and has been taking various initiatives to nurture the environment.

Maintenance of lush green lawns

Landscaping of the campus with wide variety of plants and trees

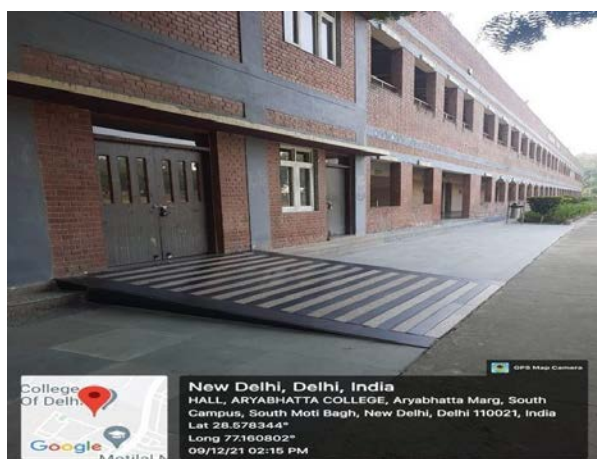

Awareness programmes for sensitizing students and staff towards keeping campus clean and green

Undertaking energy and green audits to help us improve and adopt suggestive measures.

Barrier free environment

Initiatives have been taken to provide a barrier free environment and make college equally accessible for all. Few such initiatives are:

The college building has ramps near the Library, Staff room, Canteen and the Administration block. Wheelchair assistance is provided to Orthopedically challenged students and the installation of lift is in progress.

The college has a Disabled-friendly washroom at the ground floor and one designated, in particular, for disabled women students.

The campus has signages for tactile path, lights, display boards and signposts.

The library has a designated space on the ground floor for disabled students to access e-resources from Delhi university central library and the visually challenged can access e-braille books. The library has installed NVDA software, an open-source software to enable screen reading and browsing of websites for the visually challenged students and teachers.

Assistance of readers/scribes is ensured to differently abled students and staff members.

Single window grievance redressal for disabled students
