## In-House –Skill Development Activity

### A PYTHON PROGRAMMING WORKSHOP

A significant milestone was achieved when the Department of Computer Science held the first In-House Skill Development Activity of Aryabhata College – A PYTHON PROGRAMMING WORKSHOP. The 3-day workshop aimed to provide hands-on experience in Python Programming Language. The students were introduced with the simplicity of Python programming language and motivated to enhance their programming skills. The workshop further increased the interest of the participants in other fields of computer science like web development, app development or any general purpose applications. Around 30 students participated in this workshop and a quiz was conducted at the end to test the effectiveness of the workshop. The participants also filled a feedback form at the end of the workshop.
