

Seminar Report

On February 24, 2025, the B.A. Programme Society, Arahata, hosted a seminar on Interview Guidance in the Student Activity Room at Aryabhata College, University of Delhi from 12:30 pm onwards. This event was designed to equip aspiring students with advanced interview techniques, enhance their confidence-building skills, and help them differentiate themselves in a competitive workplace environment. A total of 80 students attended the seminar. Students from different courses were present.

Given the rapid evolution of technology and the shifting landscape of employment opportunities, the seminar featured a keynote address by Prof. (Dr.) Rihan Khan Suri, the Honorary Director of the Centre for Innovation and Entrepreneurship and Training and Placement Officer at Jamia Millia Islamia University. Dr. Suri, a former Pro Vice Chancellor at Delhi Skill and Entrepreneurship University, shared his comprehensive insights on

essential skills, strategic approaches, and insider tips for standing out in today's job market.

The seminar commenced with an introduction and facilitation by the discussants, Dr. Astha Ahuja, the teacher in charge, and our esteemed faculty, Dr. Kailash Prakash Singh, Dr. Sachin Kumar, Dr. Roshni Verma, Dr. Manoj Singh & Dr. Sunil Gupta who set the stage for an engaging and informative session. Dr. Suri shared his extensive expertise garnered over 22 years, focusing on strategies to excel in interviews through confident communication, effective body language, and robust self-preparation. He emphasized the importance of emotional management; applicable to both in-person and virtual interview settings. The discussion included insights on collaborating with AI tools and the significance of maintaining a professional social media presence. As he articulated, interviews should authentically reflect an individual's professional identity and capabilities.

The seminar provided an in-depth exploration of the evolving skill landscape, with valuable insights from industry veterans that facilitated meaningful dialogue about the future of a skills-centric environment. As digital tools increasingly influence all facets of society, such events are vital for comprehending emerging impacts, opportunities, and challenges. Participants departed with enhanced strategies for navigating the dynamic corporate landscape and insights into their potential roles in shaping its trajectory.

The program concluded with a formal vote of thanks from faculty members who expressed their appreciation to Dr. Suri for delivering an engaging and informative session.
