To elaborate upon the saying "A well-crafted resume can open doors, but it is one's presence and skill that ensure they remain open.", SRIJAN, the Psychology Department of Aryabhatta College, organised an intriguing session on the workings of the recruitment process and professional growth on February 14th, 2025, by the esteemed Prof. N.K. Chaddha- an expert in psychometrics with extensive international experience in hiring and assessment. The discussion revolved around strategies to help you in interviews, creating a job-guaranteed resume and the importance of soft skills besides your technical ones.

The event saw an enthusiastic turnout of students, alongside distinguished faculty members including Prof. R.K Dwivedi and Dr. Halley S. Thokchom. Extending a warm welcome, Prof.

Dwivedi reminisced over his days of working under the mentorship of Prof. N.K.Chaddha, remarking upon the profound impact of his guidance on his professional life. He underscored how resilience and integrity serve as a base of not just professional success but also personal growth.

Drawing from his intensive expertise, Prof. N.K.Chaddha provided insights into the recruitment dynamics, the essential aspects of interview etiquette and the qualities that an employer actively seeks in the candidates. He further elaborated on how an effectively structured resume can make a significant difference in job applications. Beyond technical proficiency, he focuses on the personality traits and interpersonal skills that are extremely crucial. Recruiter's search for well-rounded individuals who bring a certain unique value to their organizations can be met by following Prof. Chaddha's guide.

The session further unveiled common interview questions and outlined strategies for students to handle these hindrances with confidence. An extremely engaging Q & A session followed, where Prof. Chaddha challenged students with thought provoking queries fostering critical thinking and interactive learning.

Before concluding, Prof. Dwivedi stepped up once more, reflecting on how the key takeaways of the session were not just for the students but also for the educators in their academic and professional roles. The event finished with a heartfelt gesture of gratitude from Dr. Halley, who acknowledged the efforts of Prof. Chaddha, the SRIJAN team, and the audience for their active participation.
