Convener: Binoy Bhushan Agarwal

With the surge of new session, the newly elected core took up the project to renovate a cafe at Netaji Subhash Place, with enthusiasm.

The interior plan of the cafe was discussed and mapped out well with the owner. The work started officially on 9th of June and after a lot of revisions, it was wrapped up on 5th of July with the level headed efforts of 18 students.

The work included re-designing the menus, re-painting the focus wall of the cafe, making posters and making doodles on the exterior wall of the cafe. Many students participated in this event and were present to put their abilities to practice.

The initiative also helped the society bring home a sponsorship of Rs. 13,000/-

Student Coordinator: Rashi Singh
